CLAIMED GOOD FOR THE BLOOD

Good Home Made Mixture Said to Make Kidneys Filter Out Impurities.

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is strong and healthy. If the blood is impure or diseased then there is sickness or decay in the whole system.

Rheumatism is strictly a blood disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood to get permanent results. To get well, to feel strong, hearty and vigorous one must have good clean blood and lots of it. You can't clean the blood thoroughly unless the kidneys are made active. Bad blood means clogged, inactive kidneys and liver which causes, too, such symptoms as backache, nervousness, bladder and urinary difficulties and other sympathetic troubles.

Here is a simple home remedy and the recipe for making it up is as follows:
Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. The ingredients can be obtained at any good prescription pharmacy at small cost.

Here the readers of this paper have a simple yet powerful and effective remedy for all forms of blood, kidney and bladder diseases which should relieve rheumatism and catarrhal affections and replace that weak, worn out indifferent feeling with strength vigor and health.

Another Steamer Chartered.
The American steamship J. H. Devereaux will arrive here this week to load a cargo of coal for Boston. The vessel will take about 2,400 tons and will be loaded by the White Oak Coal Company.

SALE MAY RUN FOR MAYOR OF NORFOLK
Senator Declines to State if He Will Enter Race—Mentioned for Congress.

(By Associated Press.)
RICHMOND, VA., Feb. 12.—Senator W. W. Sale, of Norfolk, is being mentioned for the mayoralty of that city as the candidate of the dominant political party in that section.

Senator Sale, who is serving his third term in the Senate, and who is the floor leader of that body, was asked today if he would make the race for the nomination. "The matter has come so unexpectedly and so suddenly," he said, "that I have not had time to consider it for a moment. I have been so engrossed with my official duties as a member of the Senate that I have no opportunity to consult my friends about the matter. Until I can get this session of the Senate completed I shall have no statement to make."

Senator Sale has been frequently mentioned for the congressional nomination, and it has been understood for some time that he would yield to the wishes of his friends and decide to stand for Congress, but this new suggestion may upset the political situation in that city.

OLD DOMINION LEAGUE

Charter Taken Over by Donati and Loeb.

FIRST MEETING WEDNESDAY NIGHT

Newport News, Petersburg, Emporia and Phoebus Will Compose the Circuit, According to Latest Plans of the League Promoters.

A special dispatch to The Daily Press from Richmond last night said that the Old Dominion Baseball League charter, originally granted to Tommy Atkins and Charles Donati of Richmond, and afterwards withdrawn by the national commission of minor leagues, has been taken over by Dr. Louis Loeb of this city, and Charles Donati of Richmond. The holders of the charter will immediately organize a company for the support of the league, the first meeting being held next Wednesday night, either in Richmond or Newport News.

The proposed circuit of the new league will be composed of four cities, Newport News, Petersburg, Emporia and Phoebus, Emporia being substituted for Suffolk. Although small, Emporia is a live baseball town and the promoters of the league believe that the town will draw better crowds than Suffolk would turn out.

It is said that Donati will own and manage the Petersburg club. The "new club" will have a player manager, and Emporia will be managed by a well known baseball fan of that place. The manager of the Phoebus club has not yet been selected.

The new league will not be in opposition to the Virginia State League, but one the other hand, will be a "farm" for the state league.

PROSPERITY MUST BUILD UPON HIGHER MORAL LIFE

President Roosevelt Talks to the Members of the Religious Educational Association.

(By Associated Press.)
WASHINGTON, D. C., Feb. 12.—Interest in today's work of the fifth general convention of the Religious Educational Association centered in a reception and an address to the delegates by the President at the White House in which he declared that our prosperity will avail but little unless it is built upon the superstructure of the higher moral and spiritual life.

The real business before today's session, which was held in the First Congregational church was the reading of the annual report of "survival" of the work of the association and of the progress in moral and religious education and the election of officers as follows:
President, Frances Greenwood Peabody, Harvard, Mass.; first vice president, Benjamin Ide Wheeler, Berkeley, Cal.; vice presidents, Elmer E. Brown, Washington, D. C.; James S. Cutler, Rochester, N. Y.; Henry M. Beardsly, Kansas City, Mo.; Carter H. Jones, Lynchburg, Va.; George Hodgson, Cambridge, Mass.; William B. Anderson, Chicago, Ill.; Arthur T. Hadley, New Haven, Conn.; Charles B. Beal, Jackson, Tenn.; George R. Robinson, Chicago, Ill.; William O. Thompson, Columbus, O.; Frank Strong, Lawrence, Kas.; and Woodrow Wilson, Princeton, N. J.

The association has a membership of 1,342,250. The financial condition of the association was shown to be good.

The next convention of the association will be held in Chicago, in February 1909.

GANG OF GREASERS TRIED TO KILL AMERICAN MINERS

Mexican Anarchists Placed Dynamite Under Buildings But Made Dynamite Charge at Wrong Time.

DOUGLAS, ARIZ., Feb. 12.—Reports of an explosion at the Santa Rosa mining camp, 18 miles south of here in Sonora, Mexico, probably have been exaggerated. According to a report received today no one was injured when the two separate charges of dynamite were exploded on Saturday evening, wrecking the commissary and part of the boarding houses. That all of the Americans in the camp were killed or maimed, however, is due to the fact that the explosion occurred at a time when they were grouped some distance away.

A half burned fuse and a heavy charge of dynamite were found later under the house occupied by Foreman Ryan. The work is believed to be that of Mexican anarchists who have operated in Canada. The Mexican government is making special efforts to ascertain the guilty ones.

Same Old Thing in Kentucky.
FRANKFORT, KY., Feb. 12.—The bill for United States Senator taken today in joint session of the legislature was without result. The vote follows: Beckman 59; Barclay 58; Watterton 1; Campbell 5; Allen 1.

DEPOT REMAINS HERE.

Captain Grant Says There is No Danger of Transferring Transports.

Captain Grant, U. S. A., depot quartermaster and superintendent of the army transport service here, has addressed a letter to Mr. W. S. Upshur, president of the Chamber of Commerce, in which assurance is given that the talk about removing the transport service headquarters from this port amounts to nothing.

Captain Grant returned to his office recently after a protracted illness from typhoid fever. He seems to be confident that the war department is not even considering the removal of the service from Newport News.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil, sunning—and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Eczema by rubbing on hair lotions or rubbing in vasoline, etc.
You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.
